BLOCK MANAGERS

Communal carpet cleaning planner for London blocks

Plan a communal carpet clean around the people who still need the stairs, lifts and front door. Map one London block at a time and take the outstanding access decisions into a site survey.

Building and postcode

Block, floor or stair core

Carpeted areas to include

Access available from

Resident route needed by

Is this the only access route?

Ask the building manager to agree safe access on site before issuing a resident notice.

Request a site survey

BLOCK MANAGERS

Resident notice draft

Draft the notice once the affected floors are known. Confirm dates, alternative access and the building contact at survey before circulating it.

Affected floors and agreed dates

Route residents can use during work
